HISTORIC AMERICAN ENGINEERING RECORD

WESTERN CANAL:
TREMONT GATEHOUSE

HAER MA-5B

HAER
MASS,
9-LOW,
12B-

DATE: 1855

LOCATION: At the Junction of the Northern and Lawrence Canals,
Lowell, Massachusetts

DESIGNED BY: Unknown

OWNER: Proprietors of Locks and Canals,
Lowell, Massachusetts

SIGNIFICANCE: The Tremont Gatehouse controls gates which permitted
water to be let into the Lawrence Canal directly from
the Northern Canal when it was necessary. Researchers
are referred to HAER No. MA-1, Lowell Canal System for
further information.
